Where Are You Now

There was a time you tried to damage me  
And make me feel like I was such a freak  
You had the strength to torture me  
And turn the whole world against me  
But times have changed, you never got your way

Where are you now

I glad you failed  
And no one cares

I know you thought you'd be the one to have it all  
I guess you're proven wrong  
It's nice to hear that your life has gone nowhere  
While I'm standing here  
Becoming what you said I'd never be

(Chorus)

It doesn't hurt so bad to look back now that you  
Got what you deserved and I did too!
