Tied up in my obsession
And you know you're not the only one
You must be taught a lesson
This game has just begun

You're afraid to find out what I'll do to you
You're in pain and I won't be the one to stop it

I need to control you
You let me control you

I hurt you over and over
You still keep coming back for more
Your constant need for order
Has made you such a bore

You're afraid that I will never let you go
You're in pain and you can't be the one to stop it

I need to control you
You let me control you

I need to control you
You let me control you
I need to control you
You want me to hurt you
