Linguistically informed to flip scripts upon the norm My  
pen dorms ink to leek paragraphs parallel to blue line  
slabs pattern A coke infested nasal hazels a drab  
slattern Thus filter grace to saturate a place void  
Results bloom a rich tubular florets discoid I stand flat  
in a wackness of that murky black lung alack and plant  
my harvest in a grass-plot of tarnish Indicative  
mandingo lingo is bingo to garnish My God guards this  
shallow frame dipped in variables of pain Think not of  
your self worth is others opinion cause this gormless  
minuet seed sprouts doubt but the narrow path is Christ  
spouts stout The dynamics of turbine spins divine As  
you ignore a sign of colloquial eloquence's gradual  
decline Disperse phonetics to curse poetics  
Comprehension of stick metal kinetic gaze differs with  
tonetic phrase I says a long song to ping-pong the  
pendulum cortex That makes b-boys flex a breakin'  
muscle or two As this emcees verbal decrees perplex  
the next crew DJ's spin the one's and two's to prove  
swift and krylon bombers tag upon commerce with phat  
tips and Christ as the 5th element to hold it as one
