We're coming from far  
Over oceans of time  
We're coming from places we once left behind  
We're looking for love  
In the heart of every man  
We're looking for reasons we'll all understand

Chorus

We are (we are)  
In need (in need)  
We want (we want)  
A place for everyone  
We shine (we shine)  
Through love (through love)  
We are (we are)  
The children of the sun

We follow our dreams  
We'll never stop  
We follow our hopes  
And we'll never give up  
Until we have found  
The warmth of the sun  
Untill we are born

Chorus

We are  
In need  
We want  
A place for everyone  
We shine  
Through love  
We are  
For ever on the run

We are  
In need  
We want  
A place for everyone  
We shine  
Through love

We are  
The children of the sun

We're coming from far  
Over oceans of time  
We're coming from places we once left behind  
We're looking for love  
In the heart of every man  
We're looking for reasons we'll all understand

We follow our dreams  
We'll never stop  
We follow our hopes  
And we never give up  
Until we have found  
The warmth of the sun  
Until we are born

The children of The sun

(We shine Through love)
