You don't have to promise to call me  
I know you won't  
I know you well little darling  
you're always on the move

It isn't the first time you're missing  
Cause you're here and there and everywhere  
Little darling tell me if you go

Run away but come back  
You can't leave me now  
Running may seem easy

I don't wanna lose you, confuse you  
It's in the stars the road is waiting before you  
And I know you will take your chances  
Nothing is sacred, believe me  
The time is now your destination is certain  
As long as you're fearless

Run away but come back  
You can't leave me now  
Running may seem easy

All you should know I'll be with you  
where ever you go  
As long as you can make it home?
