Why don't you tell me  
what you are thinking of  
Why don't you tell me  
How this could get so fucking far, oh oh

Why don't you tell me  
wherever you think you are  
Why don't you tell me  
you're not able to be you

oh oh oh

Why didn't you tell me  
That I would've disagreed  
Whatever the point is  
You're not listening to me

You couldn't be happy  
Unless you were in control  
Would you be happy  
If it's you and no one else, oh oh

Did you ever wonder  
Whatever the reason was  
To have no vision  
And you should have told me  
It all was a piece of cake  
And you should've told me  
That I'm talking to myself
