Original: L. Nijland (Ygdrassil)

Bewerking: M. Timmer

I am asleep
nothing's moving me
It's just me and the sea

Something's moving now
I don't know where, but something is moving now
I don't care, but something is moving now
and it's taking me
to anywhere

I am asleep
nothing's moving me
it's just me and the sea

Something's moving now
I don't know where, but something is moving now
I don't care, but something's moving now
and it's taking me
to anywhere
