Well hello it's nice to see you again  
It's been a long time ago since we met  
I can't forget what's happened before  
Still your fingertips are touching my soul  
When you did come back to me  
I saw you have changed, but I already knew before  
You wanna see me again but I can't you know that,  
I have changed also, also, I have changed

Well hello it's so nice to see you too  
Yes it is a long time ago since we met  
I was very busy with myself  
I have a good job, and I bought a brand new car  
There was less time to think about what's happened  
before  
I had so many things to do  
It is very nice to see you back after all  
But I think I have changed also, also, I have changed

Well hello  
Hello, how are you  
I'm fine  
Thank you for asking  
And you, how are you  
I'm fine, by the way the weather is nice today  
Well good-bye  
Good-bye, good-bye...
