"We're alone"

Visit "[We're alone](#)" on MotoLyrics.com

We're standing here alone
With no one around
There's no place to go
We don't even hear a sound

Can you tell me where I am right now
Can you tell me where to go, right away
It's high time
And I really need to go back home

Chorus
Are we here to stay
will we be lost forever
I wish I could fly
'Cause we're alone together
Do you understand my point of view
Please don't tell me that you don't know where we are
Then I'll be lost again
With you I'm in a maze

Did I ever tell you that we're running out of time
We did what's possible, but it wasn't meant to be for us
Our future's separating here, right now.

Chorus
