[Chorus]

You and me should just let this go  
We never did take the time, to try to hold on  
I'm thinkin' that you and me, should just let this go  
We never did take the time, to try to hold on  
I'm sick of that

Yea it's hard. Breakin' up ain't never easy. Believe me  
But fuck that. I wasn't gettin' treated like I needs be  
But trust. I was controllin' all the things around me  
But shit. I always been this chick ever since you found  
me

I tried and I tried. Cried and I cried  
Down for you nigga wit' lie after lie, after lie  
Got sick of tradin' games wit' you  
Started bein' jealous of me like dames would do  
I'm like dawg check ya balls. Mad 'cause I receive  
applause  
Men in my life was against the law  
Startin' fights in public just so you could piss me off  
I swear. If I was a dude it'd be fist to jaw  
Always mad at my mouth 'cause I cursed you out  
Missin' hard. Know you feelin' what these verses 'bout  
Doin dumb shit. Breakin' things. Hidin' my phone  
I'm outta 'dis here. Pimp jus' leave me alone

[Chorus]

Ya love girls, girls. Yea but you lost the best  
I had to get away. I'm past the stress  
Mama told me baby girl never settle for less  
Learn the hard way. Hard days. I'm ready for next  
A bunch of leavin'. I don't need Eve's shit. I'm doin' me  
Soon as pack you sippin'. With the booze. You and me  
Reminisclin' 'bout the way you was pursuin' me  
Actin' like your period on screamin' you doin' me  
Well bye dawg. Have a nice life I'm fine dawg  
Don't try to track me down or call 'cause that line off  
Hope you feelin' bad without me. See if you can laugh  
without me  
Cry what tears? I'm happy I'm free

Still ridin' past the spots that you know I go  
Procrastinatin' wit' yo niggas hopin' that I show  
Never know what you have 'till it's gone (huh)  
Wonder what she doin'? Best believe she doin' her  
(come on)

[Chorus]

Funny how it happens when you fall in love  
When you find out that the one you wit ain't who you  
want  
Then you move out 'till you find yourself anotha love  
But your ex gone always hate 'cause he can't hit you off  
You don't hear me though

Claim you wanna please me. Yet you vex me  
Can't front. Be thinkin' 'bout the way you used to sex  
me  
God damn. Days short. Nights was long  
And I was mad when I started spendin' nights alone  
But I'm better off by myself lookin' for somethin' else  
Sendin' me shit you can't pronounce. I don't want  
nuthin' else  
Wanted to love you until the end of my time  
But fuck it. I'm done wit' you at the end of this line (uh-  
huh)

[Chorus]
