“I was screaming in my head or mouthing help me
help me
Repeatedly...
All those people hanging out
While looking over my shoulder at the older, taller man
saying “no,no,no,.”
All those people hanging out
In a place I did not recognize.
He was filling up a clear plastic box with colored candy,
colored nuts...
all sold by the weight.”
Here’s where it all begins

I guess I’m stayin’ here tonight
So shut the door and shut off the light
I guess I’m stayin’ here tonight
It’s been a long time

“My first painting in class.
I’ll be late
He took one to finish it, painting white on the
background.
I got upset.
So don’t stay up and wait
The painting didn’t end up in the show, he told me
later
it was because the teacher said it wasn’t good at all.
We were pretending this in the lobby earlier..
But I don’t play bass!
I’ll come back here to you
As my grandmother pointed out 4 crocodiles
(or maybe they were alligators)”

I guess I’m stayin’ here tonight
So shut the door and shut off the light
I guess I’m stayin’ here tonight
It’s been a long time

All those people hanging out
So I’ll be late
Don’t stay up and wait

I guess Iâ€™m stayinâ€™ here tonight
So shut the door and shut off the light
I never made it home last night
Itâ€™s been a long time
Itâ€™s been a long time
Itâ€™s been a long time"
