Filthy swine you're going down..
plastic swine you're going out with a bang..

I know who's coming and I know where he's been
yeah, he's the one you'd like to meet in the alley and in
the street

so come on quickly, I've had it up to here..
yeah, he's the one you'd like to meet in the alley and in
the street

it's the juggernaut

he's not the first to come towering down
they're gonna get you and you're gonna get yours
still screaming for mercy.. but men with the power
shout..

death to the giant!!!

let's bring him down
we'll take this beast to the ground
for you all.. to see. the truth..

I know who's coming and I know where he's been
yeah, he's the one you'd like to meet in the alley and in
the street

so come on quickly, I've had it up to here..
yeah, he's the one you'd like to meet in the alley and in
the street

you want find me in his shoes
he won't stop this, until the crowds tell him he..
