I never wanted this endless fight
I never promised you anything
Every moment we let go by
We say goodbye

You know I can't take this anymore
Things we know but we could not change
I should have promised you anything
And everything

For the rest of our lives
We'll remember this moment
'Til the end of our lives
To the promise you've broken
For the rest of my life
I'll remember this moment
I'll remember this moment
I'll remember this moment

Looking back should have given more
Always worried 'bout who's to blame
Couldn't go through this honestly
You're choking me

For the rest of our lives
We'll remember this moment
'Til the end of our lives
To the promise you've broken
For the rest of my life
I'll remember this moment
I'll remember this moment
I'll remember this moment

And I've lost myself
In between two oceans
I don't wanna let go
But it's killing me slowly
I don't trust myself
For giving you away anyway

For the rest of our lives

We'll remember this moment
'Til the end of our lives
To the promise you've broken
For the rest of my life
I'll remember this moment

For the rest of our lives
We'll remember this moment
'Til the end of our lives
To the promise you've broken

For the rest of my life
(Rest of my life)
I'll remember this moment
I'll remember this moment
(Rest of my life)
I'll remember this moment
I'll remember this moment.
