Hiroshima
You ain't seen nothing yet

Atomic
Atomic
Atomic

Two million men were sent to do the deeds of one
Racing with the times to build a burning sun
Machines to learn, machines to make us love
Machines to blow ourselves to kingdom come

This is our destiny
To sow those seeds of haze
Atomic
Atomic
Atomic
Who reaps the harvest we have sown?

Two thousand ships were cast upon the shores
To do the killing of the overlords

This is our destiny
To sow those seeds of haze
Atomic
Atomic
Atomic
Who reaps the harvest we have sown?

Atomic harvest we must sow...

"Attention all personnel
Attention all personnel
Red Alert Code 4
We have a meltdown in reactor 3
Do not enter this reactor
I repeat: Do not enter this reactor"
Atomic
Atomic
Atomic
Who reaps the harvest we have sown?
Who reaps the harvest we have sown?

Who reaps the harvest we have sown?

Time waits for no man
Alone in his homeland
The footsteps like dust
Blown away in the wind
And then all through the years
Racing with our own fears
So the reaper can see
Atomic harvest will be

Atomic
Atomic
