Another boring night and I'm feeling pissed,
My heads fucked up and I'm in a mess
Too many drugs have made me high
I want to cause havoc, I want to die.
We are the League, with the extra man
We are the League, we are the anti band
So don't you say you're feeling bored
The League are here and we have scored
We are the League
We are the League
We are the League
The Anti Nowhere League
You criticise us, you say were shit,
But were up here and were doing it
So don't you criticise the things we do
No fucker pays to go and see you.
We are the League and we are mad
We are the League and our musics bad
Well fuck noise like youve never known
And make you wished you'd stayed at home
We are the League
We are the League
We are the League
The Anti Nowhere League
We hate the dogs, we hate the man,
We hate the things we don't understand
No time for love, cos that aint class
If you don't fucking like it, stuff it up your arse.
We are the League and we are mean
We are the League and were obscene
We don't give a toss for what you think
Cos all your views, they fucking stink
We are the League
We are the League
We are the League . so don't fuck with the League!
