### "I Can't Wait"

Visit "[I Can't Wait](#)" on [MotoLyrics.com](http://MotoLyrics.com)

[Sleepy Brown]

This is dedicated to the lover (to the lover)  
In you... In you... In you  
I can't wait, I can't wait  
I can't wait, no can't wait

[Verse 1: Andre 3000]

Leather in the summer, silk in the winter  
This is such an art, where do I begin uh..  
Used to sing tenor, in the church choir  
Really I was flexin', but the girls they were fine  
I'm the type of guy that notice subtle signs  
When I cuddle mine, she ain't even tryin  
To look sexy, but even if she was so what  
Mother fucker grow up, don't mean to be so abrupt  
But that lets me, know that she's a human being  
And being human's hard, on the boulevard  
Girl you got it bad, glad I'm not one  
But yet you got it good, you are the hot one  
But I'm Andre, Benjamin Andre to be exact  
You hoped to meet a gentleman one day, well this is  
that  
In fact, Dookie introduced at a show  
About a year or so ago, I don't know, mind slips me  
I'm in the southern states, you know where all the  
pimps be  
Dressin all boogey and carryin' ugly cups  
And yes you're getting booted if your shit does not get  
down  
And yes you're getting sued by women who didn't get  
up  
Out their seat on the bus, and feet shouldn't rust  
And beat is a must, and we shouldn't lust  
But we do, I'm laughin' at the calendars and clocks  
Ask Scott to match the socks, what's in your  
+Speakerboxx+  
+Pink and Blue+, you're lolly gaggin, you're slow pokin  
You got me open, you're playin wit me, darlin I'm not a  
toy  
As if I need a baker bring's the joy, you're a kiner, the  
Tyner meanin the real McCoy

I can't wait..

[Sleepy Brown]

I can't wait, I can't wait  
I can't wait, no can't wait

Ooo baby, come on  
Got plans tonight (plans tonight 4x)  
Anticipated, the love and I'm gone get it  
Till the mornin light (mornin light 4x)  
Come on baby

I can't wait (the way you love me)  
I can't wait (the way you touch me)  
I can't wait (I can feel it)  
I can't wait (all over me)  
I can't wait (come on baby)  
I can't wait (please come home)  
I can't wait (tonight)  
I can't wait (whoo)

For your time, you're so fine  
You're always on my mind  
Cuz baby I can't wait, I can't wait  
I can't wait, no can't wait  
I'm so glad I found you  
I just wanna be around you  
I can't wait, I can't wait  
I can't wait, no can't wait

Ooo its been too long now baby  
Lets seize the night (seize the night 4x)  
Cuz I'm gonna take you on a journey  
Enjoy the ride (enjoy the ride 4x) enjoy the ride  
Up and down (ooo baby!)  
Up and down (whoo lady!)  
Round and round (take it..)  
Round and round (whoo)

For your time, you're so fine  
You're always on my mind  
Cuz baby I can't wait, I can't wait  
I can't wait, no can't wait  
I'm so glad I found you  
I just wanna be around you  
I can't wait, I can't wait  
I can't wait, no can't wait

This is dedicated to the lover (to the lover)  
In you... In you... In you

This is dedicated to the lover (to the lover)  
In you... In you... In you

[Verse 2: Big Boi]

So luscious she's the real deal, but even he gets ancy  
Some honeys try to +Kill Bill+ beneath the underpants  
see  
But patients is the virtual to being anxious, just might  
hurt you  
Like Mike Vick returning to the line of scrimmage too  
soon  
A line of nigga's tryin' get in vengeance on a full moon  
Should I play it cool, or be the one to make the first  
move?  
Anticipatin, and contemplatin, she got you sprong  
dude  
Shit, I'm fin to get her might emit her, what you gone  
do? (wha?)  
I tell you what, we wont be fallin for that one, two  
Just kinky sex up off in the boom boom if she want to  
And if she don't, then I'll dial another date  
That means find another face to replace, cuz I can't  
wait

[Sleepy Brown]

This is dedicated to the lover (to the lover)  
In you... In you... In you  
I can't wait, I can't wait  
I can't wait, no can't wait

This is dedicated to the lover (to the lover)  
In you... In you... In you  
I can't wait, I can't wait  
I can't wait, no can't wait
