Dear Inez

Your exterior is so cold

Your story's been told

I've heard it before

You wanna get out

Don't wanna be down

Tied to the ground

You wanna slip out

You wanna go and have your fun

You got a son

You don't want none

Don't wanna be part

Your breaking my heart

As he wanders off

He ain't got none

Dear Inez

The kid is trouble at trouble

He's gonna push, all around

You wanna go and do your thing

You never have a wedding ring

You got something

Why's everything so rough

Why's everything so hard

Why's everyone so wrong

It's not me

You gotta believe

I know who you love

I only know how to push and shove

Give me a break

All I have I have to take

Never a hand out

You think you have me figured out

This is what I'm all about

You wanna go and have your fun

You never think of anyone

Don't do nothing

Why's everything so rough

Why's everything so hard

Why's everyone so wrong

So wrong

Dear Inez

Your exterior is so cold

Dear Inez there's something about you

You wanna go and have your fun

You got a son

You don't want none

I've been there trying and I don't give a damn

I'm gonna cash my checks

Money in my hands

No thanks the world is okay by me

If your gonna blame it on society
