Well I go where they go

And I know who I wanna know

We are the "In Set"

And they don't trip if you're hip

At the velvet rope off the strip

We are the "In Set"

Call me cruel and unkind

But I'm cool and refined

Like a robot

[CHORUS]

If you're not down with us

You're down below

Where have you been

Who do you know

It's no secret this is our big show

And we will never let you down

Never, ever, ever

Well the pond may be big

But it ain't deep if you dig

On the inset

Little fish swim away

I suggest you go and play

On the swing set

And I was a junkie way before it was cool

With that I'll leave you

[CHORUS]

If you're not down with us

You're down below

Where have you been

Who do you know

It's no secret this is our big show

And we will never let you down

Never, ever, ever

[INSTRUMENTAL]

We're just drivin' this jalopy 'til it grinds to a halt

And that's our mission

A Hollywood tradition

[CHORUS]

If you're not down with us

You're down below

Where have you been

Who do you know

It's no secret

This is our big show

If you're not down with us

You're down below

Where have you been

Who do you know

It's no secret this is our big show

And we will never let you down

Never, ever, ever
