I don't know why I'm with you

The only right thing I do is get along with you

And days go bye-bye for you but they fly by for me

It's true

I talked to you late last night

You said it wasn't right but it would be all right

And when you sleep by yourself you're not

alone I'm with you

Oohweooh

But you weren't listening when I told you everything

That all you need I ain't got

You should be gone by now but you're not

I play guitar all night long

A
