Recover the pieces, recover the pieces it's all I've got
And remember me not
This feeling is empty, this feeling is empty
It's all you gave to me and

All those fucked up things you put me through
You lost the only thing you had left to lose
Tragic mistake
Under the circumstances, you act like a kid
And you walked away
What was the last thing that you said
You're hying away, cause you wanted it everyday and
you
Lost it all, you lost it all

Break through the casing, break through the casing
It's what's inside
All those things that you hide
Pull skin from your fingers, pull the skin from you
fingers to
Ignore me like always

All those fucked up things you put me through
You lost the only thing you had left to lose
Tragic mistake
Under the circumstances, you act like a kid
And you walked away
What was the last thing that you said
You're hying away, cause you wanted it everyday and
you
Lost it all, you lost it all

It's time to see what's inside me
It's been cold and dark for sometime

It's way too much for me

Under the circumstances, you act like a kid
And you walked away
What was the last thing that you said
You're hying away, cause you wanted it everyday

And you lost it all
