And you don't talk to anyone, and you won't look at  
anyone but her  
And I don't think she's listening, I doubt she  
remembers your name  
And you say, when will she notice me?  
And you feel like you're gonna break  
And you say, when will she notice me?  
And it feels like a hand grenade  
Man I'll never understand, everyone's living in the past  
Instead of forgetting her, you're always kissing her ass  
And you say, when will she notice me?  
And you feel like you're gonna break  
And you say, when will she notice me?  
And it feels like a hand grenade  
I know that there's not much to say, so I'll look stupid  
anyway  
And you don't talk to anyone, and you won't look at  
anyone but her  
And I don't think she's listening, but you still play that  
game  
But I think the best way of moving on is to attack  
'Cause she's just a hand grenade  
So pull out the pin and throw it back  
And you say, when will she notice me?  
And you feel like you're gonna break  
And you say, when will she notice me?  
And it feels like a hand grenade  
Like a hand grenade  
I know that there's not much to say, so I'll look stupid  
anyway  
Like a hand grenade  
Like a hand grenade, a hand grenade
