Hey
I'll guess I'll figure it out
The reasons why things went the way they did
And why we can't accept it
We'd fall asleep
But not before we exercised
The evil thing that everyone hides

We would lie there in my bed
Do you remember all those nights we never slept?
No clothes, sweaty
Doing all the things I never thought I'd do
And I did them with you

And Hey
Don't feel bad
But what can ever take away the boardwalk trips or us
away
I think we grew up
Past the hang-ups and the evil stares
The fuck you too's and I don't care's

We would lie there in my bed
Do you remember all those nights we never slept?
No clothes, sweaty
Doing all the things I never thought I'd do
And I did them with you

Hey
I'll guess I'll figure it out
The reasons why things went the way they did
And why we can't accept it
We'd fall asleep
But not before we exorcised
The evil thing that everyone hides

We would lie there in my bed
Do you remember all those nights we never slept?
And even though we brought it crashing to an end
I loved it all and now I love my friend
I loved it all, I love the girl, I love my friend
