all blurry no focus now
what's focus when the light's all are out?
i can't understand why i keep you around
but i can't i won't let you down

wondering how long until we break
foundations that we built are getting weak
it seems that we're springing a leak
but i can't i won't let us drown
no i can't i won't let you down

i can't and i won't let you down
cause you know that i'll do anything for you
and you see that it's aching inside me
and i watch you go and i don't run after you
and i guess i just let you down

when it's not me who's forgetting all our dreams

and i watch you go and i don't run after you
and i guess i just let you down
