Focus... committment & trust give in to me
Friendship... forced through broken bones and tragedy
I can't fucking believe! This joke has gotten out of hand
Won't pretend, won't pretend. I don't feel the break but
I feel the bend

Late night, snow fall, Get us to the hospital!
Jamestown 94 west, And a 40 hour train back to Penn!

When leaves fall. If it means anything
It just means they're dead.
When snow falls. It means my feet just flew over my
head.
I can't fucking believe! This joke has gotten out of hand
Won't pretend, won't pretend. I don't feel the break but
I feel the bend

Late night, snow fall, Get us to the hospital!
Jamestown, 94 west, And a 40 hour train back to Penn!

Theres no set back. That can set me back
I think the punches wore me thin
And I'm weakening The one thing that keeps me in the
ring
Are the people that will never exist to me, to me.

"My mind's the weapon...my heart's the extra clip!"

Late night, snow fall, Get us to the hospital
Jamestown, 94 west, And a 40 hour train back to Penn

Weathered broken endure.
I'm still fucking here!
