So many questions asked of me  
All the same answers that I've always given  
It's still the same to me  
So many predictions of my fate  
Don't concern yourself when it is not for you  
It was never for you to say

Not saying it's right  
Not saying it's wrong  
It's just the way I chose to go  
Not saying it's wrong

Now I sit back and think about  
The last ten years  
I think I finally figured it out  
I figured it out  
It's what's in front of me

So I'll just go on being me  
Won't be hard I'll just stay on the path I chose  
There's no reason  
That I can't keep on keeping on  
Don't concern yourself when it is not for you  
It was never for you to say

Not saying it's right  
Not saying it's wrong  
It's just the way I chose to go  
Not saying it's wrong

Now I sit back and think about  
The last ten years  
I think I finally figured it out  
When I decided to keep my windshield clean  
So that I can see what's in front of me

I Entertain too many  
Distractions and vices already  
I feel my blood's running cold  
Free up my soul  
Forever things to come

Not get distracted by them

Entertain too many

Free up my soul

Entertain too many

Free up my soul
