When Kelly cries
The makeup runs from her eyes
And spills the truth about how she feels inside
When Kelly screams
It usually means I'm not being me
or she's not being her
But anyway

A second chance means nothing,
If nothings learned from past mistakes
And I'm sure we felt the weight, the weight

And three whole years fall on deaf ears
Are the snow flakes or solid tears?
Three whole years fall on deaf ears
If we can't understand our fears
It's not fair to me

Do you remember when?
Kelly, do you remember when?
When I figured it was cool, and I figured wrong

A second chance means nothing,
If nothing's learned from past mistakes
And I'm sure we felt the weight

And do you know how I know?
Because all those times
We looked in each other's eyes,
We ignored all the signs

And three whole years fall on deaf ears
Are they snow flakes or solid tears?
Three whole years fall on deaf ears
If you can't understand our fears, it's not fair to me

Do you remember when?
Kelly, do you remember when?
When I figured it was cool, and I figured wrong

Do you remember when?

Kelly, do you remember when?
When I figured it was cool, and I figured wrong

Why do I even try? (I don't know, it's all for nothing)
Why do I even try? (I don't know, it's all for nothing)
I waited for you, will you wait for me too?
Yeah wait for me, yeah wait for me, it's not fair to me

Do you remember when?
Kelly, do you remember when?
When you figured it was cool, and you figured wrong

Do you remember when?
Kelly, do you remember when?
When you figured it was cool, and you figured wrong
(You figured wrong) You figured wrong (You figured
wrong)
You figured it was cool, and you figured wrong.....
