Something I never would have  
known  
Not knowing knowledge never ennobles  
All her ideas were like smoke rings  
I had to know things  
She was a tangle of questions  
How many eggs make up a pound?  
How many ears of corn in a niblet?  
(and how big was the batch)  
I was a person who would censor  
Pee Wee's adventure  
She was exceedingly liberal  
And we  
(chorus)  
Fell in love  
And the sunshine shone from the  
Sunshine above  
Fell in love  
Whole loaf  
Love  
Try not to think while you're inside  
Yes keep your wide eyes, wide wide open  
(keep your eyes open wide)  
I made a meal of the lighting  
This was exciting  
We had a real urban drama  
She always said it again (echos)  
Just when she said it, that's when  
She's say it (how 'bout again)  
She said my pasta was delicious  
Bit repeatitious  
That kind of thing mad me crazy  
And we  
(chorus)  
Take a look around  
Sun has gone down  
And I've had a good time  
Have you had a good time?  
Have love without loss  
I put down my cross  
You know and I know

And I'm going go  
She set my school house on fire (she set)  
Down in the fire the angels are singing  
And oh 'tis a beautiful fire  
Heavenly choir
