Oh, kill this low.
Why won't you let me know?
I don't wanna stay here
But shit you won't let me go.
I, I'm waiting to set you down,
Why can't you shut your eyes?
I'm stayin' on your side.

It's hard to word the things I say
When I'm with you,
Now I'm through.
I work for free but I won't today
'Cause I'd sit home,
And think I'm with you
The sun is out, what a day to live
So I quit school,
It all looks cool.
Don't care if I'm out or I'm outta touch,
'Cause I'm to blame,
Just keep me sane.
Oh, kill me slow.
Why can't you let me know?
I guess I'll stay here,
Tomorrow won't take too long.
I, I listened to all your friends,
Lisa still says we're fine.
Oh, shut your eyes.

It's hard to word the things I say
When I'm with you,
Now I'm through.
I work for free but I won't today
'Cause I'd sit home,
And think I'm with you
The sun is out, what a day to live
So I quit school,
It all looks cool.
Don't care if I'm out or I'm outta touch,
'Cause I'm to blame,
Just keep me sane.
