I was walking by,
You just seemed so shy,
Here's some advice for you, girl,
Just watch your back.
This is more than a feel,
This ain't over yet,
Let's just try and get it right,
Get outta my sight.

I heard how you used to be,
I've seen things you don't ever wanna see, yeah

You talk too much,
You're losing your touch,
Here's some advice for you, girl,
Get off my back.
I got nothin' to say,
It's a weakness of mine.
Let's just try and get it right,
Get outta my sight.

I heard how you used to be,
I've seen things you don't ever wanna see.
You look pretty from the window looking down.
Can I come in? I think you'd better let me in.
You know that I don't care if you're still in your gown.
Can I come in, or are you gonna let me walk away?
Oh, but that's it.

I'd just dick around
With these girls I've found,
Here's some advice for you girl,
Just watch your back.
I'm just too tied in
To a pair of twins.
I'm not saying I am right,
Get outta my sight.

I heard how you used to be,
I've seen things you don't ever wanna see.
I heard how you used to be,
I've seen things you don't ever wanna see, yeah
