Run my fingers over the ceiling
I fly, I fly
I make little jumps on the ceiling
I can cause I fly, I fly, fly
Cut their wires, now they're flying with me
Paper cranes fill the air
I cut my wire, now I'm free and flying
But with the windows closed
I stay inside

Have a heavy heart, it's bruised
Doesn't matter for now
Have a heavy heart, it's bruised
Doesn't matter for now

Your sweater full of tears
That's cause of me
Cause I, I cried so hard
And you held me near
A salty sweater full of tears
Cause I, I cried so hard
And you held me near
I keep my eyes closed
And you, you didn't leave
The truth doesn't matter for now

Have a heavy heart, it's bruised
Doesn't matter for now
I have a heavy heart, it's bruised
Doesn't matter for now

I keep my heart inside a box
Outside of my body
So it doesn't bother me at all
Doesn't bother you
It doesn't bother anyone
But me, but me

Run my fingers over the ceiling
I fly, I fly
I lay down on the ceiling

And with my eyes closed
You didn't leave
