Sometimes I feel like  
I'm wasting all my time  
Waiting for my life to start  
Questions need answers  
I know there's a chance there's  
People who live in the dark

I'd rather trip and fall than never try  
I don't want to waste another day  
While the world goes by

I wanna live it  
I wanna breathe it  
I wanna feel it for myself  
I'm gonna find out  
What life is all about  
Some people wanna just wait and see  
That ain't me

That ain't me

I hear what they're saying  
Day out and day in  
How could I not when they go on and on  
Be patient be careful  
It's more than you can handle  
'Til anything real is gone

You gotta live the lows to know the highs  
Not gonna waste another day  
While the world goes by

I wanna live it  
I wanna breathe it  
I wanna feel it for myself  
I'm gonna find out  
What life is all about  
Some people wanna just wait and see

I'm gonna laugh and I'm gonna cry  
I want more than stars in my eyes

I wanna live it  
I wanna breathe it  
I wanna feel it for myself  
I'm gonna find out  
What life is all about  
Some people wanna just wait and see

I wanna live it  
I wanna breathe it  
I wanna feel it for myself  
I'm gonna find out  
What life is all about  
Some people wanna just wait and see  
That ain't me

That ain't me  
That ain't me  
That ain't me
