I can't stand the wait of your eyes
Bite my tongue and waste my time
I don't want to be your hero
I just want to be your friend
But you're looking down again

You don't even know
You don't even know
Now I wish that I could
Maybe I should learn to let it show
'Cause you don't even know

I know I'm not an easy read
Shades of you you see in me
Can you step beyond your shadow
Let me live the way I do
It's all I've ever asked of you

You don't even know
You don't even know
Now I wish that I could
Maybe I should learn to let it show
'Cause you don't even know

As long as you're still scared and running
You have not opened your heart
You're still in the dark

You don't even know
You don't even know
Now I wish that I could
Maybe I should learn to let it show
'Cause you don't even know

You don't even know
You don't even know
