Don't you know that you can't do that to me?  
You have no right to poop on my party

Don't you know that you can't do that to me?  
You have no right to poop on my party

And when the bullies come around the kids are saying,  
"What you doing?  
Hey, hey, what you doing?"  
And when they hear that electric sound the kids are  
saying,  
"What you doing?  
Hey, hey, what you doing?"

This is a plea [x3]  
Don't poop on my party  
This is a plea  
Don't poop on my party  
This is a plea  
Don't poop on my party  
This is a plea  
Don't poop on my party

Don't you know that you can't do that to me?  
You have no right to poop on my party

Don't you know that you can't do that to me?  
You have no right to poop on my party

And when the bullies come around the kids are saying,  
"What you doing?  
Hey, hey, what you doing?"  
And when they hear that electric sound the kids are  
saying,  
"What you doing?  
Hey, hey, what you doing?"

This is a plea [x3]  
Don't poop on my party  
This is a plea  
Don't poop on my party

This is a plea  
Don't poop on my party  
This is a plea  
Don't poop on my party

This is a plea  
Don't poop on my party  
This is a plea  
Don't poop on my party

And when the bullies come around  
And try to shut the party down  
All the kids will rise and break them down to size  
And the bullies realize  
That you can't stop the Love You Long Time from  
producing fresh rhyme  
So those that agree, let me hear you sing!

This is a plea  
Don't poop on my party!  
[x4]
