He's dressed to impress  
[He's a show stopper]  
She's dressed to kill  
[She's a show stopper]  
We ain't ready to die  
[Who the show stoppers?]  
But if we have to we will  
[We the show stoppers!]

She's putting on a show  
[She's a show stopper]  
He just don't know  
[He's a show stopper]  
Who's gonna go?  
[Who the show stoppers?]  
Welcome to the, welcome to the, welcome to the,  
welcome to the show!

We can't wait for the weekend  
At the party we can be friends  
Save up your lunch money  
Hide it from the bullies  
So you can be my honey and get into the show  
So for this performance to wear no pajamas  
'Cause when you're dressed to kill  
I'm going bananas  
You can wait till later to catch up on the gossip  
That "He said, She said"  
Yo, just drop it.  
That is not it  
What I'm looking for,  
I just want to see you  
Out on the dance floor  
'Cuz every time I take a look it's like you've got me on a  
hook  
And you're reelin' me in  
Where do I begin?  
We're coming out with no ulterior motive  
A crazy collision of sound and show-biz  
So when you feel it  
Let me see what happens

Lights, camera, action

He's dressed to impress  
[He's a show stopper]  
She's dressed to kill  
[She's a show stopper]  
We ain't ready to die  
[Who the show stoppers?]  
But if we have to we will  
[We the show stoppers!]

She's putting on a show  
[She's a show stopper]  
He just don't know  
[He's a show stopper]  
Who's gonna go?  
[Who the show stoppers?]  
Welcome to the, welcome to the, welcome to the,  
welcome to the show!

Now she's putting on a show, this is no act  
This is real life cinema, no fiction just fact  
The curtains are drawn, shes seein' the sights  
The lions and tigers and bears, oh my

'Cuz when the show stops, jaws drop, lids flip, bubbles  
pop  
You can't believe your eyes when you realize  
That you're blinded by the sight of your name in neon  
lights  
It reads show stopper, so make it happen, lights  
camera action!

Let's start it off  
This might hurt your eardrums  
So turn your head and cough  
I like the way that that sounds  
So check your watch right now  
Because it's time to get down  
To the love you sound  
While I look because I can't stop starin'  
You've caught my eye actin' like you ain't carin'  
But if I could only take one stab at you  
You'd kill me with your looks even before I was through  
I came dressed to impress  
But you're dressed to kill  
I'm not ready to die  
But if I have to I will  
'Cuz you're a show stopper  
So make it happen  
Lights camera action!

He's dressed to impress  
[He's a show stopper]  
She's dressed to kill  
[She's a show stopper]  
We ain't ready to die  
[Who the show stoppers?]  
But if we have to we will  
[We the show stoppers!]

She's putting on a show  
[She's a show stopper]  
He just don't know  
[He's a show stopper]  
Who's gonna go?  
[Who the show stoppers?]  
Welcome to the, welcome to the, welcome to the,  
welcome to the show!

He's dressed to impress  
[He's a show stopper]  
She's dressed to kill  
[She's a show stopper]  
We ain't ready to die  
[Who the show stoppers?]  
But if we have to we will  
[We the show stoppers!]

She's putting on a show  
[She's a show stopper]  
He just don't know  
[He's a show stopper]  
Who's gonna go?  
[Who the show stoppers?]  
Welcome to the, welcome to the, welcome to the,  
welcome to the show!
