As I saw you from the window  
near the Arc de Triomphe  
I put away the book  
je t'en rÃ©veille de toi  
je t'en rÃ©veille  
ooh la la

And I loved the way  
you came and your  
"Madame, parlez-vous anglais  
Parlez-vous"  
Ooh, non, non

Underneath the bridge  
with my fingers in the Seine  
I still feel it now  
Just like I felt it then  
Yeah, I still feel the same.

And the blue is cooler  
Making shadows in my heart  
So blue la lune on the  
Ã©glise de Saint Beaumale  
So blue la lune in my heart.

[Solo]

Pay the taxi to go  
Slow through La Bastille  
How this rainy street  
Knows exactly how I feel  
How this street  
Knows how I feel.

And I made a promise  
On the night I left Paris  
I would come back again  
For my darling mon chÃ©ri  
Je t'en -- je t'en --  
mon chÃ©ri.
