Gonna Find gonna find gonna find you yeah
Got Soviet spies
gonna find you yeah

Gonna Find gonna find gonna find you yeah
I'm gonna find

pressed up to my ____
I feel the suns reflected light
a day like this can only bring
a different kind of nice
she laughs it sounds like metal
dropping to the floor

relax shut up
it doesn't matter anymore
perplexed I don't understand
I don't want to leave this place
hold on hold on hold on
I'm warm in the sunlight

She says listen
but the words are far away
times of you and I
and the dark will come to stay

Gonna Find gonna find gonna find you yeah
Got Soviet spies
Gonna find you yeah

Gonna Find gonna find gonna find you yeah
I'm gonna find

Gonna Find gonna find gonna find you yeah
Just close my eyes
Gonna find you yeah

Why should I listen
Why should I believe in you
Just cuz numbers say so
Doesn't necessarily mean it's true

Mental eyes grow dim
As the sunlight fades to gray
She said you'll see you when the morning never comes
That I mean just what I say

I let go of her cold smooth hand
But still long for her embrace
I've yet to meet a real woman
With such exquisite grace

It grows dark and my lady's gone
Disappeared into the gloom
I seen all that I've never ever ever had
I've never had to share my doom

Gonna Find gonna find gonna find you yeah
Got Soviet spies
Gonna find you yeah

Gonna Find gonna find gonna find you yeah
I'm gonna find

Gonna Find gonna find gonna find you yeah
Look to the skies
Gonna find you yeah

Gonna Find gonna find gonna find you yeah
I'm gonna find

Gonna Find gonna find gonna find you yeah
Just close my eyes
Gonna find you yeah

Gonna Find gonna find gonna find you yeah
I'm gonna find

Gonna Find gonna find gonna find you yeah
Runnin' out of time
Gonna find you yeah

Gonna Find gonna find gonna find you yeah
I'm gonna find
