Looks like we meet again
It's been awhile my friend
I hope you still recall my name

Like lips and sable hair
Same age but twice as fair
Magic you'll get your share tonight

Are you surprised
Can't get me off your mind
I've got you hypnotized

White boots with a diamond cuff
I guess I've got good luck
I get my way with boys like you

You're getting lost in smoke
Did you think this was only a joke
I'll have my cake and eat it too

Are you surprised
Can't get me off your mind
I've got you hypnotized
Don't you realize
You can't escape this time
I've got you hypnotized

Snow white apple red
Death comes as a dream
Didn't nobody tell you
Things aren't always what they seem

Suck it up and touch me and turn it out
Shut your mouth don't interrupt
Hope you don't mind if it gets corrupt but I'm burnin' up

You can go down but get back up
Smoke some of this and loosen up
Hope you don't mind if it gets corrupt but I'm burnin' up

Are you surprised

Can't get me off your mind
I've got you hypnotized
Don't you realize
You can't escape this time
I've got you hypnotized

I've got you hypnotized
I've got you hypnotized
