Lisa:

Is it alright
If I sneak into your room at night?
And banish all the things
That make you lonely?

Scott:

Strange girl
All dressed up in red
How come
I just see you in bed
At night
The dark hides nothing from me

Sunlight shines upon your face
Faraway eyes
Are you waiting for the darkness?

Lisa:

Do you want to
Well is it
Is it alright
If I sneak into your room at night?
And banish all the things
That make you lonely?

Is it alright

Scott:(Is it alright)

If I just turn out the light

Scott:(Is it alright)

Make you stay till morning comes
And hold me

Scott:

I can't understand

Lisa:(I can't understand)

Why you only want me when I'm sleeping

Scott:

Strange girl

All dressed up in blue

Don't care
That I'm in love with you
It's not fair
You never seem to notice
You walk past me in a daze
Lost in your mind
Do I have to wait till midnight?

Lisa:
Come to me, I am waiting
Is it alright
If I sneak into your room at night?
And banish all the things
That make you lonely?

Is it alright
Scott: (Is it alright?)
If I just turn out the light
Make you stay till morning comes
And hold me

Lisa:
Is it alright
Scott: (Is it alright?)
Is it alright
Scott: (Is it alright?)
Is it alright to be lonely?

Is it alright
Scott: (Is it alright?)
Is it alright
Scott: (Is it alright?)
Is it alright to be lonely?
