### "In Love"

Running through the air  
my head is everywhere  
but everything is new

Taking on the world  
breathing in the old  
but everything is new

I'm in love, I'm in love, I'm in love  
like it's the first time  
I'm not in control.  
I'm in love, I'm in love, I'm in love  
What do we say now?  
I've got no idea

Changing what I know  
learning to be more  
now everything is new  
Close to what I am  
and further from who I was  
now everything is new

I'm in love, I'm in love, I'm in love  
like it's the first time  
I'm not in control.  
I'm in love, I'm in love, I'm in love  
What do we say now?  
I've got no idea
