

## Lovers Electric

### "You Got It"

Visit "[You Got It](#)" on [MotoLyrics.com](https://MotoLyrics.com)

you got soul  
but it's nothing at all  
you've found meaning  
but it's never enough

you've lost hope  
yeah your feeling small  
you might mean well  
but thats never enough

oh no...

oh you want it  
oh you got it  
now you've got it  
don't you want it?

you got luck  
and all that you need  
you want more now  
but it's never enough

you've got love  
but your letting it go  
you feel strange now  
cause it's never enough

oh no....

oh you want it  
oh you've got it  
now you've got it  
don't you want it?
