Twisted Sister Blastin' Fast And Loud

We're on a roll, won't be denied
We've been to hell with back up metal as we tried
We're drivin' hard the diamond class
This is our final road to work will be the last

We're Blasting Fast and Loud
Blastin' Fast and Loud

And we're gonna sing it loud. yeah.
We're gonna sing it proud

Blastin' Fast and Loud

Some things in life you got to choose
Like are you born to win or are you born to lose
You've got one chance, don't let it go
Let total domination be your final core
Well, we're on a roll, won't be denied

We're Blasting Fast and Loud
Blastin' Fast and Loud

Yeah, we're gonna sing it loud,
Yeah, we're gonna scream it proud

We've been to hell with back up metal as we tried
We're drivin' hard the diamond class
This is our final road to work will be the last

We're Blastin' Fast and Loud
Blastin' Fast and Loud

Yeah, we're gonna sing it loud,
Yeah, we're gonna scream it proud
