[D. Snider]

Well, I feel like jumpin' and walk right through that door
You can't stop shakin', goin' to feet keep stompin' the
floor

When the band start playin' then the room gets hot
I don't wanna stop shakin', givin' all I've got

High steppin', rockin' all night long
High steppin', rockin' all night long

When the lady start shakin', he sets my heels on fire
Ain't nothin' likes the rubbin' and they take my spirit
higher

When I'm rockin' on the sidewalk, goin' home in the
street

I stop for a little lovin', just camp with me

High steppin', rockin' all night long
High steppin', rockin' all night long

[Solo - Eddie]

Well, I feel like jumpin' and walk right through that door
You can't stop shakin', got to feet keep stompin' the
floor

When the band start playin' then the room gets hot
I don't wanna stop shakin', givin' all I've got

When I'm rockin' on the sidewalk, goin' home in the
street

I stop for a little lovin', just camp with me

High steppin', rockin' all night long
High steppin', rockin' all night long
