Hard roads and endless lines  
Flow through his veins  
Cold steel and hot fuel injected  
's the dream that fills his brain,  
But no, not slow  
The speed fever grows  
He rides, he sees, he knows

You've got to  
Ride to live, live to ride  
Feel the flames burn inside  
And though you know  
You ride to hide  
You ride to live to ride

Life's short and goes too fast  
Most pages burn  
Don't wait, the end's too near  
Some people never learn  
You all won't fall, the road fever calls  
So run or fly  
Don't crawl

You've got to  
Ride to live, live to ride  
Feel the flames burn inside  
And though you know  
You ride to hide  
You ride to live to ride

Ride on and don't look back,  
You can't change what's done  
Drive hard for greater glories  
You all must be someone  
So win, don't show  
Let the life fever go  
The world is yours you know

You've got to  
Ride to live, live to ride  
Feel the flames burn inside

And though you know  
You ride to hide  
You ride to live to  
Ride to live, live to ride  
Feel the flames burn inside  
And though you know  
You ride to hide,  
You ride to live to ride
