Think about back in the day.
When I was afraid to say what I had to say.
But things changed and I found a way to release this
pain.
Still strugglin but I know I've got myself to blame.
I gave up everything to find a way to keep my veins
clean.
Everyone around me seems to feel OK.
I need to feed off of them and teach myself to do the
same thing.
But you know it's hard when you're scattered shattered
and had it.
Don't know what to do about it, confused and getting
rowdy.

This is all I'll ever need to set my mind at ease.
I'll sacrifice anything just to be.
Shatter all my petty dreams away. Just let me shine.

Never have I felt this way.
I've only got myself to blame.
This is my chance to get away.
I want to shine.

With a beat that's poppin
I know for nothing I ain't stoppin.
Better get out of my way boy.
Or you'll be the next one I'll be droppin.
This is something I can do without.
So go on about your way.
For the ones who feel this you gotta get up and rock
this bitch.
With a stolen innocence I'm about to loose my mind
again.
But I can't and I won't 'cause I know that all I want to do
is shine.

This is all I'll ever need to set my mind at ease.
I'll sacrifice anything just to be.
Shatter all my petty dreams away. Just let me shine.

Chorus

C'mon shine with me now!
