Twisted Sister You Know I Cry

So many times you move me
When I know you really care
When I'm with you things are alright
When I know that you'll be there

I can't let you walk out that door
I can't let you just say goodbye
I can't let you walk out that door
I can't let you, you know I cry, I cry

Waited for a lifetime
For what I got today
Don't change my lady night time
Don't throw it all away

I can't let you walk out that door
I can't let you just say goodbye
I can't let you walk out that door
I can't let you, you know I cry, I cry

The years we've spent together
You've done me from the start
Now, I won't just change a minute
And throw it all apart
When I find it hard to hold it
Although makes me how I feel
I wanna just hold you
So phony isn't real

I can't let you walk out that door
I can't let you just say goodbye
I can't let you walk out that door
I can't let you, you know I cry, I cry
