Take it all away
Cause I don't wanna think
You can be afraid
Just pour me one more drink

It's time to disconnect
Let someone else be saved
If I don't come back
You don't need to wait

Everything in time is sure
Every second is lost in lies
Another day turns into night
And there's nothing, nothing
Nothing at all

It's easy letting go
When you've had too much
Just say that you were loved
And let that be enough

So we'll get along
Strung out on a star
There's so much left to know
Let it fall apart

Everything in time is sure
Every second is lost in lies
Another day turns into night
And there's nothing, nothing
Nothing at all

And it's nothing, nothing
Nothing at all

We're all castaway right into our graves
Come with me right now
I'm taking us down
We can take today
Right into our graves

There's nothing, no, nothing
Nothing at all
There's nothing, no, nothing
Nothing at all
