I'm gonna go my way!
Come with me, you muthas!
Let's go!

1, 2, 3, 4, 5
Break the doll and get out of here
Come with me now
Now we are goin' our way

I wanna show you baby
The world you've never seen
Cause it can happen now
So hold on tight, babe

It is a wild world out there
When you can open your eyes
No need to be afraid
Stay with me baby

You are the one to keep me sane
Baby take my hand and love me now

I don't wanna know what they say
No no I don't care
They can tell me nothin'
I'm gonna go my way
1, 2, 3, 4, 5
Break the doll and get out of here
Come with me now
Now we are goin' our way

C'mon!
Go on and fall apart!
Let's go! Ahh!

I don't wanna know
Which way to go, just keep on going
There is no time
No time to be wastin' now
1, 2, 3, 4, 5
Now is the time, let's get out of here

Come with me now
Nothing can ever stop us

Thank you!
