

## Twiztid "All I Ever Wanted"

Visit "[All I Ever Wanted](#)" on MotoLyrics.com

All I Ever Wanted  
All I ever wanted was  
I don't wanna lie  
All I ever wanted was  
A shot that I never got  
All I ever needed  
No one ever cared  
All I ever wanted was  
Someone take me outta here

All I ever wanted was for me to be a myth  
Hidden from the land of the bliss  
I'm constantly dissed and pissed off  
My mindframe shackled to the floor  
And I can't move even a little  
All I ever wanted was a noose to hang from  
And then I show all of u bitches where I came from  
The carnival is comin  
U can see it in my eyes screamin at the top of my lungs  
I wanna die  
U couldn't see it with your glasses on  
Without a witness doing shit on my lonely and then I'm  
gone  
All I ever wanted was to flip the script  
U pull a gat on me and Ima break both your arms bitch  
Eastside represent about the killas drug dealas  
Put your hands up if u feel us  
And I don't give a fuck about u bitches spreadin hate  
Cuz most of u hoes will be dead at 28

All I ever wanted was  
I don't wanna lie  
All I ever wanted was  
A shot that I never got  
All I ever needed  
No one ever cared  
All I ever wanted was  
Someone take me outta here

All I ever wanted lemme kick back and ?remanice?  
Only a few things I can think of on my list  
A new meat cleaver with an edge like a razor

And a windpipe connected to a hater  
It's all I ever wanted, I ain't askin for much  
A handle with an axe on the end of my clutch  
And then swing it down with all that I've got  
Into the ground and ????? (chop)  
Hatchet rydas and juggalos come with us  
We gonna blow the other side the fuck up  
Douse that bitch with gas give me the matches  
I got somethin for all they asses  
Listen to em now pleadin' for they life  
Talkin bout they were wrong and always knew we were  
right  
Light the molietof  
All we ever wanted starts happening now

All I ever wanted was  
I don't wanna lie  
All I ever wanted was  
A shot that I never got  
All I ever needed  
No one ever cared

All I ever wanted was  
Someone take me outta here

All I ever wanted was a chance to shine  
I wasn't askin for much I just wanted mine  
I don't even have a clue what went wrong  
I just knew I wouldn't let the shit slide for long  
Tell me somethin who the fuck you laughin at  
What the fuck u thinkin don't you see this bat  
Tell me what the hell is stoppin me from crackin your  
dome  
From smackin your dome till it ooze like foam  
All I ever wanted was an eye for an eye  
Ima taste your ?soul? when I swallow it live  
Turn around wasn't lookin diggin in your locker  
as soon as you Looked up whack that's when I gotcha  
Crack smack it rack it again  
Kept thumpin and skull til it finally caved in  
It looked like spaghetti in a broken bowl  
I guess I lost control it's all I ever wanted though

All I ever wanted was  
I don't wanna lie  
All I ever wanted was  
A shot that I never got  
All I ever needed  
No one ever cared  
All I ever wanted was  
Someone take me outta here

All I ever wanted was to scare you to death  
Choke your fuckin neck until your ass is outta breath  
All I ever wanted was to hear you scream  
You know it's hard to sleep when you're controlled by  
your dreams  
The man in the mirror knows that vanity's a must  
But will he understand and become like one of us  
Paintin up his face, not givin a fuck  
Grabbin' his nuts and expectin bad luck  
All I ever wanted was a brand new axe  
Strictly for the purpose of choppin and splittin backs  
All I ever wanted was to watch you bleed  
For the cause of the underground in which I believe  
I'm a maniac But u don't understand  
My axe keeps swingin like blades on ceiling fans  
I could show u everything that u can't see  
But all I ever wanted to be was just me

*[Chrous 2x]*

All I ever wanted was  
I don't wanna lie  
All I ever wanted was  
A shot that I never got  
All I ever needed  
No one ever cared  
All I ever wanted was  
Someone take me outta here
