(Monoxide Speaking)

This is for all the women in the world, that think that men don't burn.

That when it comes to heartbreak, it is never our turn.  
And it don't matter who or what is to blame, cuz the first week after a breakup, alone, always feels the same.

N she said:

I don't ever wanna sleep again  
I'm alone in the world and I could use a friend.  
Could you be that friend or would you be like all the rest?

Then I said:

Babygirl I'm only half the man that you think that I am  
and I would understand if you bit off more than you can  
chew like all the rest.

Chorus:

I must admit I was afraid I was insane  
I could not picture me doin this again.  
But she promised me she'd never leave me like all the rest.

(Monoxide)

She used to threaten me and say she's gonna leave  
and then maybe I would see how hurtful love can be  
when a heart is left broken in half and empty  
And then life becomes as sad as the songs on this CD  
(?)

And all she ever wanted was for me to come home  
Blowin out the burner (?) never tellin me so on the  
phone that I don't answer cuz I know what she wants  
And I'm buzzed so at the time I just don't give a fuck.  
I'm on my way home now waitin for fights to ensue  
anticipatin imitatin everything that you do  
And as wrong as I may be I won't admit it to you  
Cuz your just a bunch of talk  
And you'll never go through  
With anything that you say so I stay out all night  
Til the bartender said that he's turnin off all the lights.

And then maybe on my way I hope I realize but I never  
do  
Cuz drama's what you stickin to and baby I'm your  
crazy glue.

(Female)

I appreciate your honesty and the fact that you're  
flawed it doesn't bother me  
It's just a way to seperate only you from all the rest.  
La la la la la la...

Chorus:

I must admit I was afraid I was insane  
I could not picture me doin this again.  
But she promised me she'd never leave me like all the  
rest.

I must admit I was afraid I was insane  
I could not picture me doin this again  
(Female)But I promised you.

(Madrox)

Normal people call me abnormal because I'm pissed.  
She smiled and she chuckled and blew me a little kiss.  
Musta got lost in the Jose Cuervo with lemon twist  
Or the sounds of bodies slappin grindin to club hits.  
Can we go somewhere n talk about your sexy lil face?  
I mean I know it's 2010 and ya gave me the myspace  
On the cocktail napkin from under your mixed drink  
But I wanna pick ya mind n see how ya really think.  
Put ya up inside a dunk tank and see if ya sink.  
Lay ya on the bed and spread your legs and play with  
your pink.  
I mean I'm trippin if ya mad and I'm serious if your  
down.  
See your smilin again  
C'mon let's have another round.

Chorus:

I must admit I was afraid I was insane  
I could not picture me doin this again.  
But she promised me she'd never leave me like all the  
rest.

I must admit i was afraid I was insane  
I could not picture me doin this again.  
(Female)But I promised you.

(arguing & scratching)

I must admit I was afraid I was insane

I could not picture me doin this again  
(Female)But I promised you.

Chorus:

I must admit I was afraid I was insane  
I could not picture me doin this again  
But she promised me she'd never leave me like all the  
rest.

I must admit I was afraid I was insane  
I could not picture me doin this again  
(Female)But I promised you.
