[Chorus]

I've heard all the talk
(And I can't believe it)
You thought that I would walk away
I've heard enough
(And you can't leave me)
This time you'll listen when I say
I've had enough of this shit
Im mad as fuck and Im pissed
You're wonderin what for
It's time to settle the score
When it's all over you wishin you never knew me now
From the first intro until it all falls down

[Monoxide]

I go hardcore like a podcore from 9 floors
Up in the air, why you still waitin for encores
I can't explain it but whether or not you're makin it hard
for me to relate it
You'll just get caught in my down pour
And I hate when you state it that all of us act the same
And I just can't let it go so when I'm on stage I look into
the faces of all the people and places
And I'm feelin all of the pain and it's shameless
To be so afraid of the nameless
And Me I got a hatredred
You're televisions nothing up a straight up racist
So I came with all of the sorcerers of misfortune
Nevermind the porch when somebody in your fortress
Hreartbroken, and ready to start showin the reason
Somebody been waitin for somebody to stand up
Please believe me the warnings are out the window
The serial killers on a mission, ask your kinfolk

[Chorus]

I've heard all the talk
(And I can't believe it)
You thought that I would walk away
I've heard enough
(And you can't leave me)
This time you'll listen when I say
I've had enough of this shit

Im mad as fuck and Im pissed
You're wonderin what for
It's time to settle the score
When it's all over you wishin you never knew me now
From the first intro until it all falls down

[Madrox]

Burn bright, like thermite, attacking the infastructure
Like it made of wood and we some termites
That's right, no beef up in the appetite
Cause we unleashin the beast under the black light
Starvin' for hunger and fame, living the fast life
More than a charm and a chain, we're like a crack pipe
You get hooked like the fisherman and affect skills
Contaminating like biohazard chemical spills

Look how we terrorize, tellin you to kill
But it's only entertainment and you thinkin that it's real
Are we at fault to blame? Fuck no.
Wrong on many levels just like that Law and Order
episode (episode, episode)
I won't let it go, they take us for a joke and thinkin that
this shit is comical
Yeah, I'm offended and hurt but fuck the feelings
though
But I'm far from honored and I'm so glad that you think
so

[Chorus]

I've heard all the talk
(And I can't believe it)
You thought that I would walk away
I've heard enough
(And you can't leave me)
This time you'll listen when I say
I've had enough of this shit
Im Mad as fuck and im pissed
You're wonderin what for
It's time to settle the score
When it's all over you wishin you never knew me now
From the first intro until we all fall down

[Monoxide]

Let me handle this, vandalize me like walls of bricks
Put my name in the mix of the media
Playin tricks and they leadin ya to a pasture of order
that don't exist
I go past it like a power shift ta fifth
Pick Ya from my rearview, crossed off my list
I don't need you
Outta my lane, movin slow like a chestpieced

Time ta read the streets and the potholes like concrete

[Madrox]

I used to say wait til we mastered the craft
Apply the gift of gab and we'll see who gets the last
laugh
Cause who laughs best is only temporary
Cause the products don't sell unless them artist act
scary
Well boo bitch, you through bitch
You tryin to carve a copy the uncanny style of the way
we do shit
We roothless, we ain't new to this
We be gettin' jacked for our flavor since the days of
Mostasteless

[Chorus]

I've heard all the talk
(And I can't believe it)
You thought that I would walk away
I've heard enough
(And you can't leave me)
This time you'll listen when I say
I've had enough of this shit
Im Mad as Fuck and Im Pissed
You're wonderin what for
It's time to settle the score
When it's all over you wishin you never knew me now
From the first intro until it all falls down
